## PRESIDENT'S MESSAGE ~ AKA Jack's Stall 8-07

Hi everyone,

Linda and I had a wonderful weekend at the Morgan County OHC Regional Ride at the AEP Reclaimed Land east of McConnelsville. MOHC was very well represented. Besides Linda and myself, Phil and Ronda Urbank, Ron and Sandy Bauer, Rod and Brenda Montandon, Janet Fox and Jack Larko were there. Considering the amount of rain that fell on Thursday and Friday the trails were in pretty good shape. Willie and I loved them. However, some of them would be a good place to take a beginner on his first and last trail ride. Garry Boggs and Troy Lindimore and their crew put together a top notch event.

I hope that you receive this newsletter before the work party on Aug. 11<sup>th</sup>. We will be having boy scouts helping with the trail work. We in turn will help them earn their equine merit badges. Come work and camp and have a lot of fun and good fellowship.

Langes Run has been walked and the work has been organized so that the park knows what machine work must be done and what projects we will be able to do. Those trails are going to be opened!

The Regional Ride is fast approaching! Bob Burrows is doing the pig for Sat. evening and breakfast on Sunday morning. He does such a great job with the food. We will have

something for everyone, guided rides, ride on your own rides, games and telling of very tall tales that get taller with each telling around the campfire. Come out and have a great weekend.

The "Over the Top" Obstacle Ride will be here before we know it. It seems like that everywhere we go folks are asking about the obstacle ride. I hope that this year it goes over the top and that we have a great turn out and everyone has a good time.

I haven't made my usual plea regarding trail miles in my last couple of articles. Please make some notes regarding the trails and miles that you ride. It is really important for the powers that be to know that the bridle trails are being used.

On Aug. 24,25,26 Wayne County OHC will be finishing connecting the end of the Green Trail and the Lodge. I know that many of you love riding the trails at Mohican. This is your chance to give a bit of help to Wayne County OHC. It would be nice to have a good turn out from MOHC. If you can help please give Mike Gerard a call (330-262-4537) so that the folks can plan the Sat. evening meal. I think that I will be a crew leader.

A parting thought. "A short horse is soon curried" John Heywood, "Proverbs"

May your horse or donkey be with you as you traverse the trails of life. Jack

## This & That for May 2007

Linda Weese ~ Publicity, Ads, Awards  
[Lsweese@aol.com](mailto:Lsweese@aol.com) (440) 234-9668

Coming up in August for any and all OHC members is the famous **BOB BURROWS PIG ROAST at the Medina OHC- North East REGIONAL RIDE on August 17, 18, 19** in Robinson Field in the Cuyahoga Valley National Park. OHC members from near and far, come join us for camping and riding! OHC Members, come for a day or come for the whole weekend. Don't miss out on the fun -- bring a horse or don't bring a horse, just come on out and enjoy getting together with other OHC members. See the flyer in this newsletter. **SEND your PIG ROAST RESERVATIONS before AUGUST 12th.**

There seems to be a lot of interest in our **September Event** that is open to all riders whether they are members of OHC or not. Some folks want to compete and some folks want to volunteer for the **OVER THE TOP (OBSTACLE RIDE), September 22** in Robinson Field in the CVNP. Participants and volunteers may camp from Friday afternoon September 21st through Sunday afternoon September 23<sup>rd</sup>. Or you can just come in the day of the obstacle ride on Saturday. **JIM MC RITCHIE, Mounted Police Training Specialist, will give a clinic for all attendees on Saturday Morning at 9:00 am.** Ride entry fees, details, and contact information are on the flyer in this newsletter. Volunteers, as soon as you know that you can make it, please call or email Ride Manager Joyce Tretow and let her know that she can count on you to help.

**Come on out for "OVER THE TOP"**

## Horse Chuckles for a Little Laugh!

### Only Horse People...

- Believe in the 11th Commandment: Inside leg to outside rein.
- Know that all topical medications come in either indelible blue or neon yellow.
- Think nothing of eating a sandwich after mucking out stables.
- Know why a thermometer has a yard of yarn attached to one end of it.
- Are banned from Laundromats.
- Fail to associate whips, chains and leather with sexual deviancy.
- Can magically lower their voices five octaves to bellow at a pawing horse.
- Have a language all their own ("If he pops his shoulder, I have to close that hand and keep pushing with my seat in case he sucks back".)
- Will end relationships over their hobby.
- Cluck to their cars to help them up hills.
- Insure their horses for more than their cars.
- Will give you 20 names and reasons for that bump on your horse.
- Know more about their horse's nutrition than their own.
- Have neatsfoot oil stains on the carpet right next to the TV.
- Have a vocabulary that can make a sailor blush.
- Have less wardrobe than their horse.
- Engage in a hobby that is more work than their day job.
- Know that mucking stalls is better than Zoloft any day

**Hives:** What you get when you receive the vet bill for your 6 horses, 3 dogs, 4 cats, and 1 donkey.

**Hobbles:** Walking gait of a horse owner after their foot has been stepped on by their horse.

**Feed:** Expensive substance used to manufacture manure.

**Dog House:** What you are in when you spend too much money on grooming supplies and pretty halters.

**Light Cribber:** We can't afford to build anymore fencing or box stalls for this buzz saw on four legs.

**Three-Gaited Horse:** A horse that: 1) trips, 2) stumbles, 3) falls.

### Horse-Aholics Anonymous

I AM a horse-aholic. I would like to welcome you to this month's meeting of Horse-aholic Anonymous. Some of you are here tonight because a friend or relative brought you. You may be sitting here thinking that you are OK and don't really need any help. It is not easy to admit that you are a horse-aholic and it is even harder to bring yourself to an HA meeting for help.

HA is here to assist you. I have some questions to ask. If you can answer YES to more than three of the following, you have come to the right place:

- Can you say "sheath" in public without blushing?
- Do you drive a big truck with a towing package when everyone else drives a real car?
- Do you have more than one vehicle? One for you and one for the horses?

**LIABILITY RELEASE:** I understand that trail riding involves being in remote areas for extended periods of time, far from communications, transportation and medical facilities. That these areas have many natural and man-made hazards, that horses can be excitable, difficult to control and unpredictable, and accidents can happen to anyone at any time whether on trail or in camp. I agree to take full responsibility for myself, my minor children at the event and the animal I am riding. I will hold the ride management, ride sponsors, all ride personnel and all property owners over whose land the ride crosses, blameless for any accident, injury or loss that might occur due to our participation in the event, and free from all liability for such injury or loss. I have read and understood this liability release.

## Horse Chuckles continued....

(Continued from page 5)

- Do you spend your holidays going to shows, clinics and seminars when everyone else goes on a cruise?
- If you do go overseas, is it to a riding vacation in Ireland or to Spruce Meadows to watch the Grand Prix?
- Do you discuss things at the dinner table that would make most doctors leave in disgust?
- Do you consider formal wear to be clean jeans and freshly scraped boots?
- Is your interior decorator the local tack shop?
- Was your furniture and carpeting chosen with your horses in mind?
- Are your end tables really tack trunks with tablecloths thrown over them?
- Is your mail made up primarily of horse catalogs and horse magazines?
- Do you get up before dawn to ride? Go to horse shows? Clinics? But do you have trouble getting up for "work?"
- If you do have dresses, do they all have pockets? Do those pockets often contain bits of carrot, hay, or sweet feed?
- When you meet a new person do you always ask them what kind of horse they have and pity them if they don't have one?
- Do you remember the name of their horse sooner than you remember their name?
- Do you find non-horse people boring?

If you answered YES to one of the above, there is still hope. If you answered YES to two, you are in serious trouble. My advice to all of you with three or more YES's is to sit back and smile, turn to the smiling person next to you, and know that your life will always be filled with good friends and good horses and it will never be boring.

## Husbands Vs. Horses

### Good Things About Husbands:

Husbands are less expensive to shoe.

Feeding a husband doesn't require anything that even mildly compares with the hassle of putting up hay.

A lame husband can still work.

A husband with a belly-ache doesn't have to be walked. Husbands don't try to scratch their heads on your back.

They're better able to understand puns.

If they're playing hard to catch you \*may\* be able to run them down on foot.

They know their name.

They pay their own bills.

They apologize when they step on your toes.

They seldom refuse to get in the vehicle.

They don't panic, yelling and running all through the house when you leave them alone. (unless you left the kids too)

For a nominal fee you can hire someone else to clip them.

### The Horse's Advantage:

If they don't work out you can sell them.

They don't come with in-laws.

You don't have to worry about your children looking like them.

You never have to iron their saddle pads.

If you get too fat for one you can shop for a bigger one.

They smell good when they sweat.

You can repair their "clothes" with duct tape.

It's possible to keep them from "jumping the fence".

You can force them to stay in good physical condition...with a whip if necessary.

They don't want their turn at the computer.

They turn white with age, but not bald.

They learn to accept restraint.

They don't care what you look like, as long as you have a carrot.

### How do you.....

....induce labor in a mare? Take a nap.

....cure equine constipation? Load them in a clean trailer.

....cure equine insomnia? Take them in a halter class.

....get a horse to stay very calm and laid back? Enter them in a liberty class.

....get a horse to wash their own feet? Clean the water trough and fill it with fresh water.

....get a mare to come in heat? Take her to a show.

....get a mare in foal the first cover? Let the wrong stallion get out of his stall.

....make sure that a mare has that beautiful, perfectly marked foal you always wanted? Sell her before she foals.

....get a show horse to set up perfect and really stretch? Get him out late at night or anytime no one is around to see him.

....induce a cold snap in the weather? Clip a horse.

....make it rain? Mow a field of hay.

....make a small fortune in the horse business? Start with a large one.
